

DATA PROCESSING ADDENDUM

This Data Processing Addendum, including its Schedules, (“DPA”) forms part of the Terms & Conditions or other written or electronic agreement between Enverus and Customer for the use of products or services from Enverus (identified either as “Products” or “Services” on the Order Form or Enverus invoice, Proprietary Data, and anything else Enverus provides to Customer, and hereinafter defined as “Services”) (the “Agreement”) to reflect the Parties’ agreement with regard to the Processing of Personal Data.

Customer enters into this DPA on behalf of itself and, to the extent required under applicable Data Protection Laws and Regulations, in the name and on behalf of its Authorized Affiliates. For the purposes of this DPA only, and except where indicated otherwise, the term “Customer” shall include Customer and Authorized Affiliates. All capitalized terms not defined herein shall have the meaning set forth in the Agreement.

In the course of providing the Services to Customer pursuant to the Agreement, Enverus may Process Personal Data on behalf of Customer and the Parties agree to comply with the following provisions with respect to any Personal Data, each acting reasonably and in good faith.

HOW TO EXECUTE THIS DPA:

1. This DPA consists of two parts: the main body of the DPA, and Schedules 1 and 2.
2. This DPA has been pre-signed on behalf of Enverus. Schedule 2, section 1 has been pre-signed by Enverus, Inc. as the data importer. Please note that the contracting entity under the Agreement may be a different entity to Enverus, Inc.
3. To complete this DPA, Customer must:
 - a. Complete the information in the signature box and sign on page 8.
 - b. Send the signed DPA to Enverus by email to DataPrivacy@enverus.com indicating, if applicable, the Customer’s account number (as set out on the applicable Order Form or invoice).

Except as otherwise expressly provided in the Agreement, this DPA will become legally binding upon receipt by Enverus of the validly completed DPA at this email address.

For the avoidance of doubt, signature of the DPA on page 8 shall be deemed to constitute signature and acceptance of the Standard Contractual Clauses, including Schedule 2.

HOW THIS DPA APPLIES

If the Customer entity signing this DPA is a party to the Agreement, this DPA is an addendum to and forms part of the Agreement. In such case, the Enverus entity that is party to the Agreement is party to this DPA.

If the Customer entity signing this DPA has executed an Order Form with Enverus or its Affiliate pursuant to the Agreement, but is not itself a party to the Agreement, this DPA is an addendum to that Order Form and applicable renewal Order Form(s), and the Enverus entity that is party to such Order Form is party to this DPA.

If the Customer entity signing this DPA is neither a party to an Order Form nor the Agreement, this DPA is not valid and is not legally binding. Such entity should request that the Customer entity who is a party to the Agreement executes this DPA.

For the avoidance of doubt, Customer’s instructions for the Processing of Personal Data shall comply with Data Protection Laws and Regulations. Customer shall have sole responsibility for the accuracy, quality, and legality of Personal Data and the means by which Customer acquired Personal Data. Customer specifically acknowledges and agrees that its use of the Services will not violate the rights of any Data Subject, including those that have opted-out from sales or other disclosures of Personal Data, to the extent applicable under Data Protection Laws and Regulations.
- 2.3. Enverus shall, to the extent legally permitted, promptly notify Customer of any complaint, dispute or request it has received from a Data Subject such as a Data Subject’s right of access, right to rectification, restriction of Processing, erasure (“right to be forgotten”), data portability, object to the Processing, or its right not to be subject to an automated individual decision making, each such request being a “Data Subject Request”. Enverus shall not respond to a Data Subject Request itself, except that Customer authorizes Enverus to redirect the Data Subject Request as necessary to allow Customer to respond directly. Taking into account the nature of the Processing, Enverus shall assist Customer by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of Customer’s obligation to respond to a Data Subject Request under Data Protection Laws and Regulations. In addition, to the extent Customer, in its use of the Services, does not have the ability to address a Data Subject Request, Enverus shall upon Customer’s request provide commercially reasonable efforts to assist Customer in responding to such Data Subject Request, to the extent Enverus is legally permitted to do so and the response to such Data Subject Request is required under Data Protection Laws and Regulations. To the extent legally permitted, Customer shall be responsible for any costs arising from Enverus’s provision of such assistance.

4. Enverus Personnel

- 4.1. Confidentiality.** Enverus shall ensure that its personnel engaged in the Processing of Personal Data are informed of the confidential nature of the Personal Data, have received appropriate training on their responsibilities and have executed written confidentiality agreements. Enverus shall ensure that such confidentiality obligations survive the termination of the personnel engagement.
- 4.2. Reliability.** Enverus shall take commercially reasonable steps to ensure the reliability of any Enverus personnel engaged in the Processing of Personal Data.

Enverus or an Enverus Affiliate has entered into a written agreement with each Sub-processor containing, in substance, data protection obligations no less protective than those in the Agreement with respect to the protection of Customer Data to the extent applicable to the nature of the Services provided by such Sub-processor.
- 5.2. List of Current Sub-processors and Notification of New Sub-processors.** The current list of Sub-processors engaged in Processing Personal Data for the performance of each applicable Service, including a description of their processing activities and countries of location, is listed under the Sub-processor Documentation which has been provided to Customer on its request. If Enverus proposes to engage a Sub-Processor other than pursuant to this Section 5.3 or to change the terms or criteria provided in this Section 5.3, Enverus shall notify Customer and Customer may object as provided in Section 5.4.
- 5.4. Objection Right for New Sub-processors.** To the extent required under Data Protection Laws and Regulations, Customer may object to Enverus's use of a new Sub-processor by notifying Enverus promptly in writing within thirty (30) days of receipt of Enverus's notice in accordance with the mechanism set out in section 5.3. If Customer objects to a new Sub-processor as permitted in the preceding sentence, Enverus will use reasonable efforts to make available to Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to avoid Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening Customer. If Enverus is unable to make available such change within a reasonable period of time, which shall not exceed sixty (60) days, Customer may terminate the applicable Order Form(s) with respect only to those Services which cannot be provided by Enverus without the use of the objected-to new Sub-processor by providing written notice to Enverus. Enverus will refund Customer any prepaid fees covering the remainder of the term of such Order Form(s) following the effective date of termination with respect to such terminated Services, without imposing a penalty for such termination on Customer.
- 5.5. Liability.** Enverus shall be liable for the acts and omissions of its Sub-processors to the same extent Enverus would be liable if performing the services of each Sub-processor directly under the terms of this DPA, unless otherwise set forth in the Agreement.

Controls for the Protection of Customer Data.** Enverus shall maintain appropriate technical and organizational measures for protection of the security (including protection against unauthorized or unlawful Processing and against accidental or unlawful destruction, loss or alteration or damage, unauthorized disclosure of, or access to, Customer Data), confidentiality and integrity of Customer Data, as set forth in the Security Documentation. Enverus regularly monitors compliance with these measures. Enverus will not materially decrease the overall security of the Services during a subscription term.
- 6.2. Audit.** Enverus shall maintain an audit program to help ensure compliance with the obligations set out in this DPA and to the extent required under Data Protection Laws and Regulations shall make available to Customer information to demonstrate compliance with the obligations set out in this DPA as set forth in this section 6.2.
- 6.2.1. Third-Party Certifications and Audits.** Enverus has obtained the third-party certifications and audits where noted in the Security Documentation for the applicable Service. Upon Customer's written request at reasonable intervals, and subject to the confidentiality obligations set forth in the Agreement or other applicable confidentiality obligation or agreement, Enverus shall make available to Customer (or Customer's Third-Party Auditor - as defined below in section 6.2.4) information regarding Enverus's compliance with the obligations set forth in this DPA in the form of (a) a copy of Enverus's then most recent third-party audits or certifications set forth in the Security Documentation, as applicable, or (b) such summary reporting materials prepared by Enverus supporting Enverus's compliance with the obligations set forth in this DPA. Such third-party audits or certifications or summary reporting materials may also be shared with Customer's competent supervisory authority on its request. Where Enverus has obtained SSAE 18 Service Organization Control (SOC) 2 reports for a particular Service as described in the Documentation, Enverus agrees to maintain these certifications or standards, or appropriate and comparable successors thereof, for the duration of the Agreement. Enverus may also provide a requesting Customer to the extent available with a report and/or confirmation of Enverus's audits of third-party Sub-processors' compliance with the data protection controls set forth in this DPA and/or a report of third-party auditors' audits of third party Sub-processors that have been provided by those third-party Sub-processors to Enverus, to the extent such reports or evidence may be shared with Customer ("Third-party Sub-processor Audit Reports"). Customer

acknowledges that (i) Third-party Sub-processor Audit Reports shall be considered Confidential Information as well as confidential information of the third-party Sub-processor and (ii) certain third-party Sub-processors to Enverus may require Customer to execute a non-disclosure agreement with them in order to view a Third-party Sub-processor Audit Report.

6.2.2. On-Site Audit. To the extent required under Data Protection Laws and Regulations, Customer may contact Enverus to request an on-site audit of Enverus's Processing activities covered by this DPA ("On-Site Audit"). An On-Site Audit may be conducted by Customer either itself or through a Third-Party Auditor (as defined below in section 6.2.4) selected by Customer when:

- (i) the information available pursuant to section "Third-Party Certifications and Audits" is not sufficient to demonstrate compliance with the obligations set out in this DPA and its Schedules;
- (ii) Customer has received a notice from Enverus of a Customer Data Incident; or
- (iii) such an audit is required by Data Protection Laws and Regulations or by Customer's competent supervisory authority.

Any On-Site Audits will be limited to Customer Data Processing and storage facilities operated by Enverus or any of Enverus's Affiliates. Customer acknowledges that Enverus operates a multi-tenant cloud environment. Accordingly, Enverus shall have the right to reasonably adapt the scope of any On-Site Audit to avoid or mitigate risks with respect to, and including, service levels, availability, and confidentiality of other Enverus customers' information.

6.2.3. Reasonable Exercise of Rights. Any On-Site Audit shall be conducted by Customer or its Third-Party Auditor:

- (i) acting reasonably, in good faith, and in a proportional manner, taking into account the nature and complexity of the Services used by Customer;
- (ii) up to one time per year with at least three weeks' advance written notice. If an emergency justifies a shorter notice period, Enverus will use good faith efforts to accommodate the On-Site Audit request; and
- (iii) during Enverus's normal business hours, under reasonable duration and shall not unreasonably interfere with Enverus's day-to-day operations.

Before any On-Site Audit commences, Customer and Enverus shall mutually agree upon the scope, timing, and duration of the audit and the reimbursement rate for which Customer shall be responsible. All reimbursement rates shall be reasonable, taking into account the resources expended by or on behalf of Enverus.

6.2.4. Third-Party Auditor. A Third-Party Auditor means a third-party independent contractor that is not a competitor of Enverus. An On-Site Audit can be conducted through a Third Party Auditor if:

- (i) prior to the On-Site Audit, the Third-Party Auditor enters into a non-disclosure agreement containing confidentiality provisions no less protective than those set forth in the Agreement to protect Enverus's proprietary information; and
- (ii) the costs of the Third-Party Auditor are at Customer's expense.

6.2.5. Findings. Customer must promptly provide Enverus with information regarding any non-compliance discovered during the course of an On-Site Audit.

6.3. Data Protection Impact Assessment. Upon Customer's request, Enverus shall provide Customer with reasonable cooperation and assistance needed to fulfil Customer's obligation under Data Protection Laws and Regulations to carry out a data protection impact assessment related to Customer's use of the Services, to the extent Customer does not otherwise have access to the relevant information, and to the extent such information is available to Enverus.

7. CUSTOMER DATA INCIDENT MANAGEMENT AND NOTIFICATION

Enverus maintains security incident management policies and procedures specified in the Security Documentation and shall notify Customer without undue delay after becoming aware of the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to Customer Data, including Personal Data, transmitted, stored or otherwise Processed by Enverus or its Sub-processors of which Enverus becomes aware (a "Customer Data Incident").

Enverus shall make reasonable efforts to identify the cause of such Customer Data Incident and take such steps as Enverus deems necessary and reasonable to remediate the cause of such a Customer Data Incident to the extent the remediation is within Enverus's reasonable control. The obligations herein shall not apply to incidents that are caused by Customer or Customer's Users.

8. GOVERNMENT ACCESS REQUESTS

8.1 Enverus requirements. In its role as a Processor, Enverus shall maintain appropriate measures to protect Personal Data in accordance with the requirements of Data Protection Laws and Regulations, including by implementing appropriate technical and organizational safeguards to protect Personal Data against any interference that goes beyond what is

necessary in a democratic society to safeguard national security, defense and public security. If Enverus receives a legally binding request to access Personal Data from a Public Authority, Enverus shall, unless otherwise legally prohibited, promptly notify Customer including a summary of the nature of the request. To the extent Enverus is prohibited by law from providing such notification, Enverus shall use commercially reasonable efforts to obtain a waiver of the prohibition to enable Enverus to communicate as much information as possible, as soon as possible. Further, Enverus shall challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful. Enverus shall pursue possibilities of appeal. When challenging a request, Enverus shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the Personal Data requested until required to do so under the applicable procedural rules. Enverus agrees it will provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request. Enverus shall promptly notify Customer if Enverus becomes aware of any direct access by a Public Authority to Personal Data and provide information available to Enverus in this respect, to the extent permitted by law. For the avoidance of doubt, this DPA shall not require Enverus to pursue action or inaction that could result in civil or criminal penalty for Enverus such as contempt of court.

8.2 Sub-processors requirements. Enverus shall ensure that Sub-processors involved in the Processing of Personal Data are subject to the relevant commitments regarding Government Access Requests in the Standard Contractual Clauses.

9. RETURN AND DELETION OF CUSTOMER DATA

Except as provided in section 13.4, Enverus shall return Customer Data to Customer and, to the extent allowed by applicable law, delete Customer Data in accordance with the procedures and timeframes specified in the Security Documentation. Until Customer Data is deleted or returned, Enverus shall continue to comply with this DPA and its Schedules.

10. AUTHORIZED AFFILIATES

- 10.1. Contractual Relationship.** The parties acknowledge and agree that, by executing the Agreement, Customer enters into this DPA on behalf of itself and, as applicable, in the name and on behalf of its Authorized Affiliates, thereby establishing a separate DPA between Enverus and each such Authorized Affiliate subject to the provisions of the Agreement and this section 10 and section 11. Each Authorized Affiliate agrees to be bound by the obligations under this DPA and, to the extent applicable, the Agreement. For the avoidance of doubt, an Authorized Affiliate is not and does not become a party to the Agreement, and is a party only to this DPA. All access to and use of the Services and Content by Authorized Affiliates must comply with the terms and conditions of the Agreement and any violation of the terms and conditions of the Agreement by an Authorized Affiliate shall be deemed a violation by Customer.
- 10.2. Communication.** The Customer that is the contracting party to the Agreement shall remain responsible for coordinating all communication with Enverus under this DPA and be entitled to make and receive any communication in relation to this DPA on behalf of its Authorized Affiliates.
- 10.3. Rights of Authorized Affiliates.** Where an Authorized Affiliate becomes a party to this DPA with Enverus, it shall to the extent required under applicable Data Protection Laws and Regulations be entitled to exercise the rights and seek remedies under this DPA, subject to the following:

10.3.1 Except where applicable Data Protection Laws and Regulations require the Authorized Affiliate to exercise a right or seek any remedy under this DPA against Enverus directly by itself, the parties agree that (i) solely the Customer that is the contracting party to the Agreement shall exercise any such right or seek any such remedy on behalf of the Authorized Affiliate, and (ii) the Customer that is the contracting party to the Agreement shall exercise any such rights under this DPA, not separately for each Authorized Affiliate individually, but in a combined manner for itself and all of its Authorized Affiliates together (as set forth, for example, in section 10.3.2, below).

10.3.2 The parties agree that the Customer that is the contracting party to the Agreement shall, when carrying out an On-Site Audit of the procedures relevant to the protection of Personal Data, take all reasonable measures to limit any impact on Enverus and its Sub-Processors by combining, to the extent reasonably possible, several audit requests carried out on behalf of itself and all of its Authorized Affiliates in one single audit.

11. LIMITATION OF LIABILITY

Each party's and all of its Affiliates' liability, taken together in the aggregate, arising out of or related to this DPA, and all DPAs between Authorized Affiliates and Enverus, whether in contract, tort or under any other theory of liability, is subject to the 'Limitation of Liability' section of the Agreement, and any reference in such section to the liability of a party means the aggregate liability of that party and all of its Affiliates under the Agreement and all DPAs together.

For the avoidance of doubt, Enverus's and its Affiliates' total liability for all claims from Customer and all of its Authorized Affiliates arising out of or related to the Agreement and all DPAs shall apply in the aggregate for all claims

under both the Agreement and all DPAs established under the Agreement, including by Customer and all Authorized Affiliates, and, in particular, shall not be understood to apply individually and severally to Customer and/or to any Authorized Affiliate that is a contractual party to any such DPA.

12. EUROPE SPECIFIC PROVISIONS

12.1. Definitions. For the purposes of this section 12 and Schedule 1 these terms shall be defined as follows:

"**EU C-to-P Transfer Clauses**" means Standard Contractual Clauses sections I, II, III and IV (as applicable) to the extent they reference Module Two (Controller-to-Processor).

"**EU P-to-P Transfer Clauses**" means Standard Contractual Clauses sections I, II III and IV (as applicable) to the extent they reference Module Three (Processor-to-Processor).

12.2. GDPR. Enverus will Process Personal Data in accordance with the GDPR requirements directly applicable to Enverus's provision of its Services.

12.3. Customer Instructions. Enverus shall inform Customer immediately (i) if, in its opinion, an instruction from Customer constitutes a breach of the GDPR and/or (ii) if Enverus is unable to follow Customer's instructions for the Processing of Personal Data.

12.4. Transfer mechanisms for data transfers. If, in the performance of the Services, Personal Data that is subject to the GDPR or any other law relating to the protection or privacy of individuals that applies in Europe is transferred out of Europe to countries which do not ensure an adequate level of data protection within the meaning of the Data Protection Laws and Regulations of Europe, the transfer mechanisms listed below shall apply to such transfers and can be directly enforced by the Parties to the extent such transfers are subject to the Data Protection Laws and Regulations of Europe:

- **The EU C-to-P Transfer Clauses.** Where Customer and/or its Authorized Affiliate is a Controller and a data exporter of Personal Data and Enverus is a Processor and data importer in respect of that Personal Data, then the Parties shall comply with the EU C-to-P Transfer Clauses, subject to the additional terms in section 2 of Schedule 1; and/or
- **The EU P-to-P Transfer Clauses.** Where Customer and/or its Authorized Affiliate is a Processor acting on behalf of a Controller and a data exporter of Personal Data and Enverus is a Processor and data importer in respect of that Personal Data, the Parties shall comply with the terms of the EU P-to-P Transfer Clauses, subject to the additional terms in sections 2 and 3 of Schedule 1.

12.5. Impact of local laws. As of the Effective Date, Enverus has no reason to believe that the laws and practices in any third country of destination applicable to its Processing of the Personal Data as set forth in the Sub-processors Documentation, including any requirements to disclose Personal Data or measures authorizing access by a Public Authority, prevent Enverus from fulfilling its obligations under this DPA. If Enverus reasonably believes that any existing or future enacted or enforceable laws and practices in the third country of destination applicable to its Processing of the Personal Data ("Local Laws") prevent it from fulfilling its obligations under this DPA, it shall promptly notify Customer. In such a case, Enverus shall use reasonable efforts to make available to the affected Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to facilitate compliance with the Local Laws without unreasonably burdening Customer. If Enverus is unable to make available such change promptly, Customer may terminate the applicable Order Form(s) and suspend the transfer of Personal Data in respect only to those Services which cannot be provided by Enverus in accordance with the Local Laws by providing written notice in accordance with the "Notices" section of the Agreement. Customer shall receive a refund of any prepaid fees for the period following the effective date of termination for such terminated Services.

13. CONFIDENTIALITY

13.1. Definition. "Confidential Information" means all information disclosed by a Party ("Disclosing Party") to the other Party ("Receiving Party"), whether orally or in writing, that is designated as confidential or that reasonably should be understood to be confidential given the nature of the information and the circumstances of disclosure. Confidential Information includes Customer Data, technology and technical information, product plans and designs, and business processes disclosed by either Party. However, Confidential Information does not include any information that (i) is or becomes generally known to the public without breach of any obligation owed to the Disclosing Party, (ii) was known to the Receiving Party prior to its disclosure by the Disclosing Party without breach of any obligation owed to the Disclosing Party, (iii) is received from a third party without knowledge of any breach of any obligation owed to the Disclosing Party, or (iv) was independently developed by the Receiving Party. For the avoidance of doubt, the non-disclosure obligations set forth in this "Confidentiality" section apply to Confidential Information exchanged between the parties in connection with the evaluation of additional Enverus Products or Services.

13.2. Protection of Confidential Information. As between the Parties, each Party retains all ownership rights in and to its Confidential Information. The Receiving Party will use the same degree of care that it uses to protect the confidentiality of its own confidential information of like kind (but not less than reasonable care) to (i) not use any Confidential Information

of the Disclosing Party for any purpose outside the scope of this Agreement and (ii) except as otherwise authorized by the Disclosing Party in writing, limit access to Confidential Information of the Disclosing Party to those of its and its Affiliates' employees and contractors who need that access for purposes consistent with this Agreement and who have signed confidentiality agreements with the Receiving Party containing protections not materially less protective of the Confidential Information than those herein.
