# ENVERUS

IntegrityTitle®

Now part of Enverus, is the staple of the title industry in Texas and New Mexico. Offering the most comprehensive title research solutions through title plant access, title examination and title research services, ensuring faster, more accurate business results.

Integrity Title Firsts

- **First** to provide competing title plants in the Houston and DFW markets in more than 25 years
- **First** to scan and make available tract and card-based back plants over the internet
- **First** to provide title plant access and document images online for Texas Agents
- **First** to provide affordable title plants in all major Texas metropolitan markets
- **First** to provide 1,000 county licenses to independent title agents
- **First** title plant provider to provide 93 current title plant counties across Texas

Today, IntegrityTitle® has 93 title plants in Texas, which are the basis of 1700+ title plant licenses, and 15 New Mexico title plants, which have 115 title plant licenses. Client support services have broadened to provide title evidence products that assist our clients in keeping up with the ebbs and flows of the real estate industry.

Enverus is the largest SaaS company solely dedicated to the energy market. Enverus empowers companies to transform traditional decision-making by accessing world-class intellectual capital, innovative cloud technology and collaborative partnerships. Integrity Title joined the Enverus family in the fall of 2020 and is enthusiastic about the innovations this partnership will bring into the title research industry.

Texas Products and Services

Title Plant Subscriptions

93 Geographically indexed Title Plants with complete image libraries and 45+ historical cards and track books digitized. Several of our county databases are back to sovereignty with full document images.

Title Research & Evidence

Integrity Title provides title research and examinations in our licensed counties throughout Texas. We have an experienced group of title examiners specializing in residential, acreage, commercial and energy transactions. With a P-24 agreement in place, we offer flat-fee pricing along with a low premium split to help you maximize your profitability. Our turnaround times start from 2 business days and have your report returned with documents emailed or delivered via XML through

Ramquest, Qualia or SoftPro. Integrity is approved by all major underwriters.

Property Reports

Get a full report detailing activities such as deeds, mortgages, and involuntary liens on a property. Choose either a one-owner search, a 30-year search, or a customized report.

Smart Starters

Get a headstart on your jobs with our insured smart starters product. Use the restrictions and exceptions information in the Smart Starter as a component for issuing a commitment for title insurance. Delivery times are within 24 hours of request.

Energy Research

Integrity Title provides research and examinations for small energy projects such as solar wind & oil and gas.
